

WINE

100% GEWÜRZTRAMINER

AGING - STAINLESS STEEL

pH - 3.31 | TA - .64g/100ml

VINEYARD

50 YEAR OLD PLANTING

DRY FARMED

LAURELWOOD SOIL

2017 Estate Gewürztraminer

Vintage Overview

Intentionally picked to retain acidity, our Gewürztraminer is crafted in a dry Alsatian style, which enhances the subtle spice aromatics of fennel and clove. On the palate, flavors of peach skin and honeydew contribute to a crisp clean finish. This wine will age nicely for the next 5-7 years.

In the Vineyard

The 2017 vintage began with a late spring and transitioned into a warm summer. The weather cooled off just before harvest, providing ideal circumstances for rosé and aromatic white wines. The difference in temperature between day and night in the weeks before harvest allowed the fruit to retain its acidity while continuing to increase complexity. These weather patterns and choosing to pick in the early mornings, allowed the wine to retain the fresh character of the fruit which translated beautifully into the finish.

In the Winery

Fermented dry in stainless steel, our Estate Gewürztraminer is crafted from 50 year old vines planted on our property.
