

WINE

100% PINOT NOIR | AGED 5% NEW AND 95%
NEUTRAL FRENCH OAK FOR 15 MONTHS

pH - 3.54 | TA - .61g/100ml

VINEYARD

CLONE- OLD VINE POMMARD

DRY FARMED | LAURELWOOD SOIL

INGREDIENTS

LIVE CERTIFIED GRAPES, SULFUR, ORGANIC
YEAST NUTRIENT, NATIVE YEAST.

2019 Pommard

Vintage Overview

Aromas of potting soil, sweet carrots and sanguine, create a very primal aromatic experience in this single clone Pinot Noir.

Texturally polished, with flavors of savory garden vegetables, this wine showcases a depth of non fruit complexities.

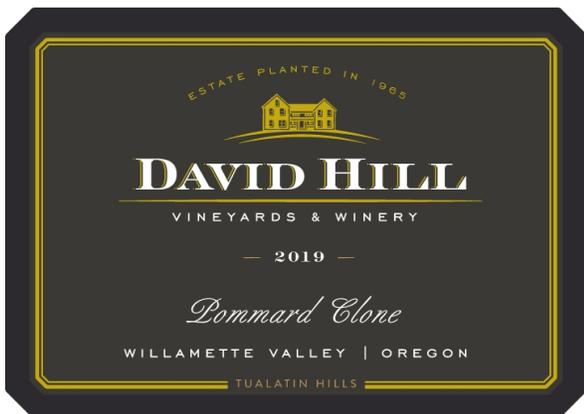

In the Vineyard

In 2019, the Northern Willamette Valley saw a return to a more classic cool vintage. Spring was warm and damp with a late bud-break, while the growing season was moderate and steady. Early rains and a rapid October cool down created the need for strategic harvesting of fruit, which rewarded us with optimal ripeness and retention of acidity. From 2019 we may see one of the best vintages in the last two decades.

In The Winery

Aged for 15 months in 95% neutral and 5% new french oak, our single clone Pommard produces one of the most complete single clone Pinot Noirs due to the non fruit complexities which define it.
