2020 PINOT

Vintage Overview

Co-fermenting the Pinot Noir and Pinot Gris together naturally gives this wine rich aromatics of savory spices, wild mushrooms, and rose. The flavors of black cherry and blueberry at the front of the palate are complimented by an acidity marked by floral notes and salinity which offer an elegant finish.

In the Vineyard

In 2020 Oregon experienced brutal wildfires. With 50 square miles separating the Tualatin Hills from the most concentrated smoke, David Hill faired incredibly well, and our fruit escaped untouched by smoke damage. A damp and later than average bloom resulted in smaller clusters and berries, creating a perfect set for what the vines should bare during bloom. A temperate summer allowed fruit to hang without becoming overly ripe, while dry weather systems during harvest allowed the vineyard team to pick with leisure. The circumstances in 2020 produced ripeness and expression among our wines that makes for a seriously age-worthy vintage.

In the Winery

Using a historical practice of pairing red and white grapes together, this wine brings together two Pinot varietals. With 30% Pinot Gris and 70% Pinot Noir, the co-fermentation of these grapes uplifts and enhances the aromatics of the wine, offering an herbaceous and spice-filled experience.
