pH 3.54 | TA .58g/100mL

VINEYARD

CLONES - COURY & WADENSWIL

DRY FARMED | LAURELWOOD SOIL

INGREDIENTS

LIVE CERTIFIED GRAPES, SULFUR, ORGANIC

YEAST NUTRIENT, NATIVE YEAST

2020 WINEMAKER'S CUVÉE PINOT NOIR

Vintage Overview

Mirroring the black cherry colors of the wine, the aromatics of the Winemaker's Cuvée are decadent and reminiscent of toasted black fruits. On the palate, intense flavors of ripe raspberry and black cherry are accentuated by notes of chanterelle mushrooms and cocoa, finishing with notes of tea, and cigar box—a showcase of the specific new French oak this wine was aged in.

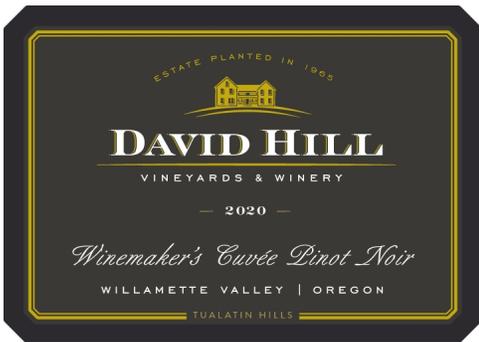

In the Vineyard

In 2020 Oregon experienced brutal wildfires, some of which were centered around the Eola Hills. With 50 square miles separating the Tualatin Hills from the most concentrated smoke, David Hill fared incredibly well, and our fruit was lucky enough to escape untouched by smoke damage. A damp and later than average bloom resulted in smaller clusters and berries, creating a perfect set for what the vines should bare during bloom. A temperate summer allowed fruit to hang without becoming overly ripe, while dry weather systems during harvest allowed the vineyard team to pick with leisure. The circumstances in 2020 produced ripeness and expression among our wines that makes for a seriously age-worthy vintage.

In the Winery

Unique from David Hill's other reserve label wines, the Winemaker's Cuvée is not vineyard specific. With each vintage, the winemaking team focuses on the style and flavor profile of the wine, honing in on the cellar's best to craft this wine.
