Vintage Overview

This expressive 2022 BlackJack Pinot Noir has many layers beginning with bright cherry and brambly red fruit. Subtle hints of pink peppercorn, star anise, and blueberry with tertiary notes of leather and forest floor are revealed on the nose. On the palate, balanced fruit and subtle, but lingering tannins make for a very drinkable wine on its own and with food.

In the Vineyard

In 2022, the vintage in Willamette and Tualatin Valley AVA's started classically wet and cool, highlighted by a frightening cold spell and frost in April that reduced and damaged buds across the valley. David Hill experienced no damage however due to its location in the valley. Cooler than most areas and behind in the growing stage, the vintage was protected. A cooler growing season overall and a dry late harvest season yielded high acid and full fruit, making for a fully ripe vintage. The conditions of this vintage have created wines that are blanched, will full fruit and bright acid.

In the Winery

As a vineyard designation this Pinot Noir was aged for 16 months in 15% new French oak and 85% neutral oak. This wine was made solely of the Coury clone from Block 21 on our estate and is expressive of the cooler vintage.
