

## 2022 Winemaker's Cuvee Pinot Noir

### WINE

100% PINOT NOIR | UNFILTERED  
AGED 16 MONTHS IN 50% NEW FRENCH  
OAK AND 50% NEUTRAL OAK  
3.53pH | TA .56/100ml

### VINEYARD

CLONES- WADENSWIL AND COURY  
DRY FARMED | LAURELWOOD SOIL

### INGREDIENTS

LIVE CERTIFIED GRAPES, SULFUR,  
ORGANIC YEAST NUTRIENT, NATIVE YEAST

### Vintage Overview

Elegant, effortless, and a softer Pinot Noir like in years past, this Winemaker's Cuvee has bright cherry notes, spiced cedar, and a hint of fresh tarragon. On the palate, the fruit is bright, with subtle and rounded tannins. A beautiful wine to enjoy now, in spring and summer, enjoyed by itself and with food.

### In the Vineyard

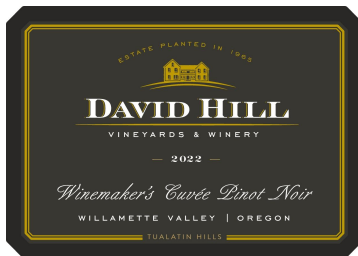

In 2022, the vintage in Willamette and Tualatin Valley AVA's started classically wet and cool, highlighted by a frightening cold spell and frost in April that reduced and damaged buds across the valley. David Hill experienced no damage however due to its location in the valley. Cooler than most areas and behind in the growing stage, the vintage was protected. A cooler growing season overall and a dry late harvest season yielded high acid and full fruit, making for a fully ripe vintage. The conditions of this vintage have created wines that are blanched, will full fruit and bright acid.

### In the Winery

Showcasing the entire property of Pinot Noir from the winemaker's perspective, using clones of Wadenswil and Coury. This wine is aged in 50% new french oak and 50% neutral oak for 16 months.
