

WINE

100% PINOT NOIR

FERMENTED AND AGED IN 40% NEW FRENCH OAK AND 60% NEUTRAL OAK

pH 3.46 | TA .61/100ml

VINEYARD

CLONES - 100% WADENSWIL

DRY FARMED | SELF-ROOTED | LAURELWOOD SOIL

2023 Whole Cluster Pinot Noir

Vintage Overview

Our 2023 Whole Cluster Pinot Noir displays aromatics of bramble fruit and cedar, while rose petals balance the spice of black tea, clove, and anise. On the palate, red and black raspberry intertwine with spice and come together with a beautiful lingering finish. Showing opulence and rustic qualities alike, this wine is an interplay of tannin structure, fruit, and stem fermentation. Enjoy this wine now, or for years to come.

In the Vineyard

2023 was a great growing season in the Willamette Valley, and a particularly favorable vintage in the Tualatin Valley AVA. The spring was wet and cool, which culminated in an early May budbreak. The growing season was short as June was warm and July and August were hot, but there were no extreme weather events or dynamics that might present threats or problems in the vineyard. The consistent heat ripened the fruit and produced a rich concentration of flavor and weight, but the cooler nights in late summer and early fall - especially at the vineyard's elevation, helped develop acidity in the fruit to give lift and support the richness of the vintage.

In the Winery

Fermented with whole cluster grapes, 100% Wadenswil clone, this wine was aged in 40% new oak and 60% neutral oak using premium barrels.
